

Viewing Tips

The five modules in this training package are formatted as Adobe Acrobat PDFs, and most contain automatic demonstrations. To enable the demonstrations, the PDFs will open in full-screen mode. Although we recommend viewing the tutorials in full-screen mode, it is not required. You can watch it in window mode if you prefer.

- To exit full-screen mode: Press **Esc** or **Ctrl-L** (for PCs) or **Esc** or **Cmd-L** (for Macs). This will put you back in window mode. In this case, you can use the standard Adobe Reader or Acrobat menus.
- To re-enter full-screen mode: **Press Ctrl-L (PCs) Cmd-L (Macs)**, or choose **View > Full Screen Mode** from the Adobe Reader or Acrobat menu. No menus will show in this mode.

Each tutorial contains links to the companion modules, the Alternative Compliance guidance and Web tools. Links to other the modules will open full-screen. Links to the guidance and Web tools will open in a separate window. When this happens, keep in mind that the tutorial PDF is still running beneath it.

If you need help while viewing the tutorials, press  to return to this document.

Printer-friendly versions of each module are available below. To print, simply open the PDFs, and choose **File > Print**.

- Module 1: Alternative Compliance Overview ([PDF 1.2 MB](#))
- Module 2: Submitting an Intent to Apply for a Waiver ([PDF 456 KB](#))
- Module 3: Maintaining Your Alternative Compliance Vehicle Inventory ([PDF 2.2 MB](#))
- Module 4: Assembling a Waiver Request ([PDF 2.8 MB](#))
- Module 5: Completing an Annual Report ([PDF 1.1 MB](#))
