Alternative Compliance Tutorial

Module 2: Submitting an Intent to Apply for a Waiver

# Alternative Compliance Tutorial

There are five modules in this training package:

- [Module 1: Alternative Compliance Overview](#)
- Module 2: Submitting an Intent to Apply for a Waiver
- [Module 3: Maintaining Your Alternative Compliance Vehicle Inventory](#)
- [Module 4: Assembling a Waiver Request](#)
- [Module 5: Completing an Annual Report](#)

You are starting Module 2. When you are finished, please proceed to the next module for additional instructions on how to participate in the Alternative Compliance option.

## Module 2: Submitting an Intent to Apply for a Waiver

In this module, you will learn how to submit an intent to apply for a waiver. This section answers the following questions:

- What is an intent to apply for a waiver?
- What information is required in an intent?
- How do I submit an intent to apply for a waiver?
- What comes next?

## What is an intent to apply for a waiver?

An intent to apply for a waiver informs the U.S. Department of Energy (DOE) of your fleet's interest in participating with the Alternative Compliance option.

It is due to DOE by March 31 preceding the model year for which the waiver is being requested. For example, if you are seeking a waiver for model year (MY) 2009, an intent to apply for a waiver is due to DOE no later than March 31, 2008.

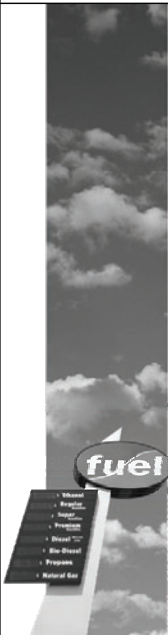

Alternative Compliance Tutorial

Module 2: Submitting an Intent to Apply for a Waiver

## What information is required on an intent?

The following information is included in an intent to apply for a waiver:

- Name and address of proposing fleet
- Fleet identification (ID) number
- Name and title of responsible senior official
- Model year for which the waiver is requested
- Name and address of all fleets included as part of the fleet requesting a waiver

Alternative Compliance Tutorial

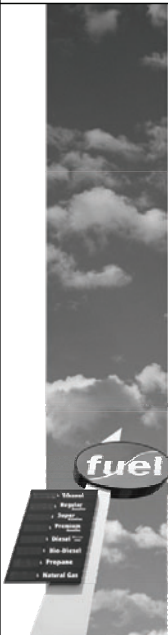

Module 2: Submitting an Intent to Apply for a Waiver

## How do I submit an intent to apply for a waiver?

Intents to apply for a waiver are submitted electronically by your fleet's designated point of contact (POC). To file an intent, log in to [www.eere.energy.gov/vehiclesandfuels/epact/state/acp\\_tool/waiver\\_app0.cqj](http://www.eere.energy.gov/vehiclesandfuels/epact/state/acp_tool/waiver_app0.cqj) using the user name and password issued for your Standard Compliance reporting requirements.

Before filing your intent, please make sure your POC e-mail address is current. You can check and edit your contact information at [www.eere.energy.gov/vehiclesandfuels/epact/state/poc\\_login.html](http://www.eere.energy.gov/vehiclesandfuels/epact/state/poc_login.html).

*Following is a series of slides demonstrating how to submit an intent to apply for a waiver. Each slide has one or more pop-up text boxes. In the full-screen mode, the text boxes will appear automatically, and you will be prompted when it's time to proceed to the next page. In the window mode, you will need to click to make each text box appear and proceed to the next page.*

Module 2: Submitting an Intent to Apply for a Waiver

U.S. Department of Energy  
**Energy Efficiency and Renewable Energy** *Bringing you a prosperous future where energy is clean, abundant, reliable, and affordable*

Vehicle Technologies Program  
**Energy Policy Act (EPAct)**

**Intent to Apply for a Waiver**

To file your intent to apply for a waiver, fill in all the fields below. When finished, click Submit to send your information. You will receive an e-mail with the information you submitted for your records.

Fleet ID: 1255 - Mark's Test Fleet (NC)

Mark's Test Fleet (NC)  
 1263 Marion St, Suite 2  
 Denver, CO 80218  
 POC Email: mwinter@mmssoftware.com

Does the waiver request include more than one fleet? \*

Yes  
 No

If yes, enter name and address of all other fleets. \*

Model year for which the waiver is requested  
 2009

Name and title of responsible senior official \*

\* Required

Submit

Upon log in, the database will automatically generate your fleet name and address.

It will also automatically generate the upcoming model year.

Module 2: Submitting an Intent to Apply for a Waiver

After submitting your intent, a confirmation message will appear on the screen. An e-mail summarizing your submission will be sent to the POC e-mail address on file in the Standard Compliance database.

DOE will review your information and contact you with further instructions.

#### Intent to Apply for a Waiver

**Print This Page for Your Records**

3/18/2008 9:56 AM  
Fleet ID: 1255 - Mark's Test Fleet (NC)

Thank you for submitting your intent to apply for a waiver. You will soon receive an automated e-mail from "Web Maintainer" confirming receipt of your intent and summarizing the information you supplied.

DOE will review your information and notify you of additional steps you will need to take to participate in the Alternative Compliance option.

If you have questions or comments, please e-mail DOE.

End of demonstration.

Module 2: Submitting an Intent to Apply for a Waiver

## What comes next?

After DOE receives your intent, it will populate your Alternative Compliance vehicle (ACV) inventory with the light-duty alternative fuel vehicles (AFVs) your fleet reported over the years under Standard Compliance. You will receive an e-mail from DOE when this is completed.

You can then log in to your ACV inventory, check it for accuracy, add vehicles you plan to acquire during the waiver model year, and retire vehicles that should not be included. Retirements include:

- AFVs that are no longer in use by your fleet  
or
- AFVs in your fleet that generated banked\* credits (i.e., Subpart F credits) when they were originally reported

➔ *For more information on updating your ACV Inventory, see p. 6 of the [Guidance](#) or [Module 3: Maintaining Your Alternative Compliance Vehicle Inventory](#).*

After your ACV inventory is updated, you can prepare your waiver request to submit to DOE.

\* Banked credits refer to those earned by purchasing AFVs above and beyond your required amount in a model year (e.g., if you acquired five AFVs but were only required to acquire three, two of those AFVs earned banked credits and should be retired from your ACV inventory).

## Congratulations!

You have completed Module 2: Submitting an Intent to Apply for a Waiver.

Please proceed to: [Module 3: Maintaining Your Alternative Compliance Vehicle Inventory](#).
